STATEMENT BY THE TREATING PHYSICIAN

To Whom It May Concern:

Mr. James Harraway has been my Patient in the cardiac unit at our Medical Center, since he was diagnosed with a Traumatic Stroke Injury. He also had a fracture ~~of~~ Fracture arm. His Traumatic Stroke status thereafter was less than recovered; he had to have Rehabilitation from September 5, 2004 up until February 17, 2005. So now it is my opinion that he has recovered tremendously given the Injury that he suffered.

I encourage him to continue his work but take it slow; with the help of his wife I'm sure he will be successful in his future endeavors.

James Harraway

Application/Control Number: 10/053,920

My name is James Harraway, I had talked to someone in your patent office and explained to them why I did not respond to the office response when it was sent to me. The reason that I did not respond is because I was unable at the time which was around August 2003 I had a stroke.

During this particular time I had a stroke and was receiving rehabilitation and then I had double pass open heart surgery in the year of 2007, I also had a stroke after surgery. This horrific surgery caused me to lose a lot of my memory and as things began to come to remembrance, I remembered my patent. I would like to pursue and complete my patent and receive my patent number as you deem so.

I was told by the person who answered the telephone that I would have to send a letter of explanation to the patent people and a check for \$251.00 dollars. I am sending this in as requested so that I may pick up where I left off. Thank you so much for considering my response.

Sincerely,

James Harraway
